

# EASY OFF

## DESCRIPTION

Biodegradable GREEN WORLD product that effectively removes glue, tape and packing residues etc. on most surfaces.

Dissolves and softens residues of adhesives very efficiently from vehicles, trailers, windows and other hard surfaces.

## PROPERTIES

- An easy to use sticker residue remover.
- Made of renewable substances and biodegradable.
- Zero evaporation - unlimited acting time means low consumption, and thus low cost
- Dissolves and softens adhesive residues very efficiently from glass, metal, automotive paint and other hard surfaces.
- Chemical shift - excellent replacement for the traditional solvents.
- Green World classified.
- Green certified propellant with CO2 reduction up to 90%, naturally produced via organic waste = Green Propellant.

## FIELD OF APPLICATION

- Glue and adhesive residues – dissolver.
- Dissolves many types of adhesive residues such as sticker glue, packing tape, price tags, labels, glue residues, duct tape, decals, etc .
- Eliminates tar and smear stains effectively.
- Can be used on most surfaces.

## USER INSTRUCTIONS

Spray the product thinly from a distance of 20 to 30 cm and allow 2 to 3 minutes to react.

Then process the residues mechanically with a scraper or similar.

Repeat procedure if necessary.

Wipe dry the surface or clean it with Super Foam and a Micro Max towel.

Note! To resolve some adhesives, long action times and repeated applications are required.

Always check the surface suitability to this product before usage. Plaster, paint and other materials can be adversely affected.
